### **Appeal of the Stryi City Council on the need to close the airspace over Ukraine**

We, deputies of the Stryi City Council, appeal to you with the requirement of immediate closing of the sky over Ukraine. For eleven days now, our country has been suffering severe losses and destruction. Ukrainian cities and villages are shelled by the enemy using aircraft, ballistic missiles, artillery, and multiple rocket launchers. Many important infrastructure facilities, residential areas, hospitals, schools and kindergartens are being shelled. Dozens of civilians die every day, including children. Since the beginning of the war, we have had more than 1,000 civilian deaths.

This is war not only against the Ukrainians, this is war against democracy and peace in the world. Enemies now control the Chernobyl nuclear power plant and do not retreat from the Zaporizhzhia nuclear power plant, which is the largest in Europe with six power units. Hear us, this is a great danger, both for Europe and for the whole world.

The Commander-in-Chief of the Armed Forces of Ukraine, President of Ukraine Volodymyr Zelenskyi, has repeatedly appealed to the leaders of the United States and Europe to close the sky above us to save the world. We, Ukrainians, make his voice even louder and address you on behalf of our community, on millions of Ukrainians and even on behalf of the citizens of your countries, who openly ask you to introduce a no-fly zone in Ukraine. This is the only way to protect Ukraine and the world from the crazy imperial plans of the greatest tyrant of modern times, the enemy of freedom, democracy and peace.

Debating this today is a crime. Every day there are hundreds of innocent victims.

We do not know and do not understand how NATO leaders will live with such a decision.

Do you think that your inaction will protect you from war?

If you do not close the sky over Ukraine today, the war will come to you tomorrow!

**Close the sky over Ukraine! You will not save Ukraine - you will save the World!**
